What I would like to see improve

More litter bins	1 st
Exciting play equipment like a zip wire or climbing frame	2 nd

If I had £1000 to spend on something for children in Taverham, I would

Build a large dinosaur in the park for children to climb in	1 st
Have toy shops	2 nd =
Have sweet shops	2 nd =
Have a massive party	4 th

The ages surveyed are 4 – 7 year olds. Only one class had ‘scores’ against all the options, another indicated what most / the majority of the class liked, so it hasn’t been possible to produce a table of ‘votes’ similar to the junior school. I have looked at the seven returns and created the above based on preferences / votes where given. The options were chosen by the school council and the results do reflect the discussion.

Putting together the 2nd choice for improvements and the 1st choice for spending money, it is clear that the children would like to see more exciting and interesting play equipment. This is in line with the first choice of the junior school.
