

Stakeholders Visit

1st Taverham Guides on 4th May 2018

The guides were able to look at a large street map of Taverham and each found where they lived and followed their route to the scout hut where they meet weekly. They showed an interest the old Taverham Parish Plan. They also had a look at some very old maps of Taverham, which again proved interesting, especially showing the lack of houses

They were asked what they liked about Taverham

Green areas

Going to Guides

Going to Youth Club

The High School

Nice community

What would make it better

More things to do for older children

There is nothing much to do in the evenings

More equipment on the park at Hinks Meadow and Sandy lane for the older children

If dogs were kept on leads and not allowed to run around anywhere they want

The leaders felt that the scout hut was ideal for their needs. A safe, gated enclosed area. However they felt that the traffic in Sandy Lane even for them to get in and out of the scout hut is quite challenging. They felt that if there was more housing in the vicinity Taverham would lose its 'villagey' feel.

The guides often do Penny Walks around the village, and it is a safe, and fun way of looking around the village. The unit meets at the Church for Remembrance Sunday. They do bag packing at the local Tescos. They are very much part of the community and take part in the Taverham Fayre.

There are 3 Guide units in total in Taverham and Thorpe Marriott.

There are also Rainbows, Beavers, Cubs, Brownies, and Scouts as well as adult uniformed units who meet regularly at the Scout Hut.

The Scout Hut is also used regularly for the Day Care Centre.

(Photos) All can be used if required - no faces on show and uniformed Leader is OK with photo of her if we need to use it.
